

## GREAT LAKES NATIONAL CEMETERY Holly, MI

Expansion of the Great Lakes National Cemetery by 35 acres for Phase 1B, located in Holly, MI. Project includes mass grading for cemetery expansion, placement of columbarium structures, preparation of gravesites and installation of 12,880 double-depth crypts, preparation of gravesites for 3,350 casketed burial plots and preparation of 2,997 in-ground cremation plots. Project also includes construction of temporary haul roads, road work, and installation of underground utilities.

This project is a Service-Disabled Veteran Owned Small Business set-aside under "Veteran's First" Contracting Program.
